PREFACE

Welcome to the Mindathon English Olympiad! We recognize the pivotal role of language development in early education. Our curriculum aligns with the National Curriculum Framework's vision, emphasising holistic language growth. Through phonology, syntax, vocabulary, and conversational skills, we strive to empower learners to communicate effectively and engage meaningfully in their learning journey.

This book has been carefully designed to provide learners with a stimulating and enriching experience in the English language. English Olympiads are an excellent platform for students to showcase their language skills, critical thinking abilities, and creativity.
Students will find a diverse range of exercises and challenges tailored to enhance their proficiency in English. The content has been crafted to align with the curriculum standards while also incorporating elements that promote higher-order thinking and problem-solving skills.

Our primary goal is to make learning English enjoyable and rewarding for students. Each chapter is structured to facilitate a progressive learning journey, starting with foundational concepts and gradually advancing to more complex topics.

Challenging multiple-choice questions and engaging narratives in the comprehension section will provide students with the chance to strengthen a variety of skills, such as reading, enhancement of vocabulary, grammar and language structure, critical thinking, and analysis in the English language.

Multiple Choice Questions (MCQs) in this book vary in difficulty from easy to moderate and difficult levels, providing a range of challenges for students to test their language skills effectively.

Additionally, this book aims to instil a love for language learning and encourage students to become confident communicators. We believe that participation in the English Olympiad not only fosters academic excellence but also cultivates important life skills such as creativity and perseverance.

We hope that students will find this book both challenging and enjoyable as they embark on their journey to English proficiency. May it inspire them to strive for excellence and unlock their full potential in the fascinating world of the English language.

We wish all participants the very best in their English Olympiad endeavours!

READING SKILLS

Read the passage carefully and answer the questions that follow:

Once upon a time, there was a little duckling named Daisy. Daisy lived on a farm with her mother and siblings. She loved swimming in the pond and waddling around the farmyard. One sunny morning, Daisy's mother said, "It's time for you to learn to fly, my dear."

Daisy was excited but also a bit scared. She watched her mother flap her wings gracefully and take off into the sky. "I can do this," Daisy thought to herself. She flapped her wings as hard as she could and jumped into the air. She wobbled and flapped, but soon enough, she was flying!

From that day on, Daisy loved flying. She soared over the farm, feeling the wind beneath her wings. She would return to the pond at sunset, splashing into the water with a happy quack.

27. Why was Daisy excited but scared?
